**F** Read the text and answer the questions.

Ronald read about 'Reverse Graffiti' in a newspaper article, and he liked the idea. He told his friend, Annie, about it and they asked their teacher if they could try it on one of the school walls that was very dirty. Their teacher thought that it was a good idea. They brought scrubbing brushes and scrapers from home, and created their artwork after school that Friday. On Monday, the schoolchildren saw Ronald and Annie's work and they all thought that it was great. They wanted to try it, too. Now the school wall looks fantastic! There was a photo of it in the local newspaper last week.

**PJ:** I've been a vet for about 14 years. I've always wanted to work with animals, ever since I was a child. You see, I love animals and I want to help them. We had lots of animals at home when I was young: parrots, rabbits, cats and dogs. I work in a town now, so I don't have to take care of big animals like horses, cows or pigs. Most of the animals people bring to me are dogs and cats. It isn't easy to become a vet, of course. You have to get good marks at school and go to college. Dear Sir/Madam,

My name's Amy Rogers. I'm 13 years old and I go to St Anne's. I'm writing to you because I want to become a volunteer at Newtown Children's Hospital.

I've never worked with children before, but I've got a brother who's 5, and I like young children very much. It may be difficult, but I promise to do my best.

I'm patient, calm and easy-going. I want to go to college when I leave school, and then I want to become a teacher.

Yours faithfully,

Amy Rogers

### F Read the project and answer the questions.

Yesterday was warm with lots of sunshine. It was a good day for a picnic! This morning there was quite a lot of rain but, after the rain, there was a beautiful rainbow. Now it's sunny again, but it's cold. The temperature can be very cold here in winter, but it's usually hot in summer. The west of the country is often cloudy and has a lot of rain. The east of the country is very windy. It's great for windsurfing!

0 Why was yesterday good for a picnic?  
*Because it was warm with lots of sunshine.*

1 When was there a lot of rain?

2 What was there after the rain?

3 What's the weather like now?

4 What's the weather like in the west of the country?

5 Which part of the country is very windy?

### Sloth facts

The sloth is a mammal that lives in the forests of South America. It moves very slowly because it has a very low body temperature. It is the slowest animal in the animal kingdom! We use the word "slothful" to describe very lazy people. The sloth has long claws that help it to climb the trees which it lives in. It doesn't often come down from the trees. It is a strange animal with a very short tail, long grey hair and a funny face. It eats the leaves of trees, which it chews slowly. It sometimes eats insects and other small animals, too, if it can catch them!

**5 questions x 1 = 5 marks**

**F** Read Karen's account and tick (✓) for Yes, (x) for No or (?) if the text doesn't say.

My class went on an unusual field trip last Thursday. Our teacher took us to 'Safe Town'. This is where children learn about being safe in the city. 'Safe Town' looks like a city, but it isn't a real city. We saw streets and pavements, road signs and traffic lights, but nobody lives there, and there are no real shops or schools. A special teacher told us about the dangers of cars, buses and motorbikes. She taught us what we must do to be safe. She told us what we mustn't do, too. We mustn't start to cross the road without looking left, right and left again.

- 0 Karen's teacher went on the field trip. ☒
- 1 Safe Town is in Karen's city. ☐
- 2 The children saw road signs and traffic lights. ☐
- 3 The special teacher lives in Safe Town. ☐
- 4 The special teacher knows more about traffic lights than Karen's teacher. ☐
- 5 The special teacher told the children not to cross the road without looking left, right and left again. ☐
